

2010 ISKD Medical Educational Program

Intramedullary Skeletal Kinetic Distractor (ISKD)

Dr. J. Dean Cole, M.D.

Dean Cole, M.D., Medical Director, Florida Hospital Orthopaedic Institute Fracture Care Center

Dr. Cole is nationally recognized as a leader in orthopaedic traumatology. His reputation is built on vast experience, dedication to excellence, commitment to quality patient care and contribution to medicine. Dr. Cole is also well known for his approach to complex procedures such as deformity correction, calcaneus fractures, bone infection and nonunions/malunions. He has pioneered the minimally invasive approach to treating orthopaedic trauma.
